ELVAL HELLENIC ALUMINIUM INDUSTRY S.A.

**ELVAL S.A. Certified According to Occupational Health & Safety Assurance System:
OHSAS 18001:2007**

ELVAL S.A., consistent in its policy that places as a fundamental objective the Health and Safety of its workers and in the framework of its commitment to function as a responsible company, successfully completed the process of the certification of its System of Health and Safety Management at Work according to the standard OHSAS 18001:2007 from TUV HELLAS.

For ELVAL S.A., which has identified its human resources as a fundamental value, this certification constitutes a confirmation of its efforts for continuous improvement of issues of Health and Safety at Work, but also a motivation for further intensifying of those efforts.

OHSAS 18001 (Occupational Health and Safety Assurance System) is the internationally recognized health and safety management standard. It requires an organization to determine its current health & safety activities and to develop programs and systems that focus on the elimination of risk to staff and other interested parties. It has been designed to be compatible with ISO 9001 and ISO 14001.
