

December 5th, 2012

Health, Safety & Environment Month 2012

Once again, the Month of Health, Safety and Environment is organized at ELVAL, from December 3rd to 21st. During this period, a number of activities are planned, including the following:

1. Presentations aiming to increase the staff's awareness of matters such as recycling, rational natural resources management, safe working and behavior. This year presentations are also included on the results of programs on visual order, organization and cleanliness (5S) for the production areas.
2. Trainings that concern the continuous improvement of the technical expertise of workers in critical subjects such as safety and the environment.
3. Distribution of printed material to the full set of the ELVAL Group's and contractor's staff in matters that concern Health, Safety and the Environment, inside and outside the factory.

The activities address the entire employee population of ELVAL, the daughter companies SYMETAL and ANOXAL and also HALCOR, as well as any contractors interested, investing a total of at least 2.000 man-hours. The dynamic continuation of the institution of the Month of Health, Safety and Environment for the eight year by ELVAL confirms that the Health and the Safety of workers constitutes a fundamental priority and constant value for the company. It also shows its total commitment to operate according to the principles of sustainable development with respect to the environment and social partners.

"YOU ARE ALWAYS A WINNER WHEN YOU FOLLOW THE SAFETY RULES"

About ELVAL
