Elval Group to participate in the ALUEXPO 2015 Exhibition

Elval Group announces its participation in the ALUEXPO exhibition to be held from 8 to 10 of October at the "ISTANBUL EXPO CENTER" Trade Center in Turkey. Elval will be present along with Symetal foil division and local representative Base Metal.

ALUEXPO 2015 will gather all the suppliers, producers and buyers of the aluminium sector under the same roof and will be an important attraction for local and international visitors. It is, therefore, a great opportunity to highlight the aluminium solutions of the Elval Group addressing its extended product range which includes:

- Sheets and strips for food cans, beverages and closures
- Magnesium alloy sheets for marine, automotive and rail applications
- Plain sheets, coils and tread plates and bright sheets for industrial applications
- Coated sheets and coils for building and construction applications
- Strips for the HVAC industry
- Circles for cookware applications
- Converter alu-foil
- Alu-foil for food containers, candle lights, finstock and pharmaceutical packaging
- Household alu-foil
- Cigarette, chocolate and chewing gum alu-foil
- Alu-foil for lidding applications

Visit us at the stand: H10-E120

For more information on the exhibition you can visit the website: <http://www.aluexpo.com/>

About Elval

The Elval Group is the aluminium processing and trading sector of Viohalco S.A.. The Elval Group's extensive manufacturing base includes 12 production plants in Greece, Bulgaria and the United Kingdom and manufactures a number of different aluminium products that meet the needs of the food, shipbuilding, automotive, construction and printing industries. It exports to more than 90 countries and has trading subsidiaries in seven countries.

About Base Metal

Base Metal was established at the end of 2010 as a subsidiary of Viochalco S.A. with the mission of sales-marketing, raw material sourcing and developing new collaborations in Turkey. Base Metal is the only company in the aluminium industry which can offer hot and cold rolled plain, clad, brazed and painted flat products, as well as, composite panels, high strength painted facade and extrusion systems to the Turkish market under one umbrella.
