The spin-off of the aluminium rolling segment of ELVAL S.A., is part of its internal restructuring and will facilitate the implementation of international partnerships and financing, in order to strengthen its production activity in Greece.

The new corporate structure will operate both our plants in Oinofyta (61<sup>st</sup> and 59<sup>th</sup> km Athens – Lamia National Road) with all their activities as well as the two plants of ex-SYMETAL in Oinofyta and Mandra, which are focused on the production of a wide range of aluminum foil and flexible packaging products, like chocolate packaging, household foil, aluminum for pharmaceutical packaging (blister and cold forming), cigarette packaging and aluminum foil for insulation applications.

We would like to assure you that our goal is not only to continue to offer innovative products and complete top-quality solutions, but to further upgrade the level of service to our partners, since the restructuring enhances the rolling segment to a higher level.

Moreover, we wish to state that all agreed terms and conditions with our partners remain unchanged.

ELVAL S.A.
