ΕΛΒΑΛΧΑΛΚΟΡ ΕΛΛΗΝΙΚΗ ΒΙΟΜΗΧΑΝΙΑ ΧΑΛΚΟΥ ΚΑΙ ΑΛΟΥΜΙΝΙΟΥ Α.Ε.

## Press Release

Athens, 9 December 2020

### **ElvalHalcor joins the group of companies included in “The Most Sustainable Companies in Greece 2020” which highlight the Business Roadmap of Sustainable Development in Greece**

For the 4<sup>th</sup> consecutive year, ElvalHalcor joins “The Most Sustainable Companies in Greece”. Together with 24 other companies, ElvalHalcor was evaluated, based on its performance in the “Sustainability Performance Directory” and ranked in “The Most Sustainable Companies in Greece” group of companies for the year 2020.

The [25, in total, companies](#) which make up “The Most Sustainable Companies in Greece” for 2020, received their distinction at the annual event that is part of the “Sustainable Greece 2020” initiative which was held on Monday, December 7, hosted by the QualityNet Foundation.

These 25 companies have adopted a holistic approach to Sustainability issues, operate as examples of good business practice and play an important role in shaping a new growth model that is directly related to Greek companies’ competitiveness and in terms of attracting investments.

ElvalHalcor’s participation in this group, for yet another year, confirms the Company’s continuous commitment and strategy related to sustainable development, through its application of responsible business practices.

ElvalHalcor’s growth is founded on responsible principles and business practice, in order to build a better future for its stakeholders and society as a whole. The Company invests substantially and systematically in its human resources, placing great emphasis on their training and development, whilst maintaining the health and safety of its people and partners as a top priority. It focuses on environmental protection and climate change prevention practices and emphasizes the circular economy model, supporting the transition to a green economy. All the initiatives and responsible practices implemented by ElvalHalcor are described in more detail in the Sustainability Report that it publishes on an annual basis (<https://www.elvalhalcor.com/el/sustainability/reporting/overview/>).

#### **About ElvalHalcor**

ElvalHalcor is a leading global industrial producer of aluminium and copper products. The Company was formed in December 2017 via the merger of ELVAL and HALCOR. ElvalHalcor currently holds a leading position in Europe in the copper tubes sector, while also having established its leading position within the global aluminum rolling industry. The Company has over 80 years of experience and know-how, a strong production base across 15 state-of-the-art production plants and a market presence in over 100 countries. ElvalHalcor offers sustainable solutions and products in dynamically developing markets such as packaging, transportation, building and construction, heating, cooling and air conditioning and RES. ElvalHalcor’s growth focuses on investing in technology and sustainable development, thereby creating value for its stakeholders. For more information about the Company, please visit the website [www.elvalhalcor.com](http://www.elvalhalcor.com).

#### **About the Sustainability Performance Directory**

The Sustainability Performance Directory acts as a Business Indicator to companies which, through a technical evaluation of their non-financial data and performance prove that they have a holistic approach to Sustainable Development issues.
